Rally Day
April 24th, 1954

Dear Fellow Members:

WITHIN this folder you will find photographs of some of our British missionaries, men and women who have left friends and loved ones, the comforts and amenities of the homeland, to take the everlasting Gospel to other nations. They have answered the call of the Lord's great commission, "Go ye into all the world, and preach the Gospel to every creature." Mark 16:15.

Though you will have seen these pictures in a recent issue of the *Messenger*, we believe you will appreciate having this special reproduction on art paper, and will desire to keep it as of permanent interest. On the last page of the folder you will find brief but interesting information about this representative group of British missionaries. Some are young people who have left our shores in recent years; others have given many years, even a lifetime, in faithful service overseas.

Everyone of them, whether labouring in South America, India, Africa, West Indies, or elsewhere, appreciates your prayerful support and sacrificial mission offering. In their letters, they often ask us to express to the church their appreciation of the splendid efforts made each year in the Ingathering campaign.

Now the challenge comes to us all once again to give them our very fullest support. When we think of their sacrifice, surely the least we can do is to "Ingather for missions" every available hour during the five weeks, April 24th to May 29th.

Last year our united efforts resulted in a total of nearly £42,000—surely wonderful evidence of the readiness of the public to give! But how much more might have been gathered; how many more sick and suffering might have received relief; how many more schools; how many more baptisms, might have resulted if *every* member had helped! For these good results represent the efforts of less than two-thirds of our church membership.

May we ask if you are among the remaining one-third which took no active part in last year's Ingathering? If so, we invite you to lend a hand this year. These British missionaries and many others are counting on your support. The sufferers from leprosy, malaria, dysentery, yaws, and other terrible diseases, look wistfully to you for help. The millions in ignorance and superstition call to you out of their heathen darkness. They ask you to send them teachers and preachers of the Gospel.

Our Lord Himself, the One who paid the price of our redemption, earnestly pleads with every one of us to do our part, "that repentance and remission of sins should be preached in His name among all nations." Luke 24:47.

We believe you will respond, particularly when you remember that every Ingathering leaflet also bears an invitation to the recipient to study the Bible at home through the Voice of Prophecy correspondence courses, which have been so fruitful in building up a stronger Adventist membership here in Britain.

Sincerely your brother in Christ,

E. R. Warland
